

PPIS

HIGH PERFORMANCE ISO PROCESS PUMP

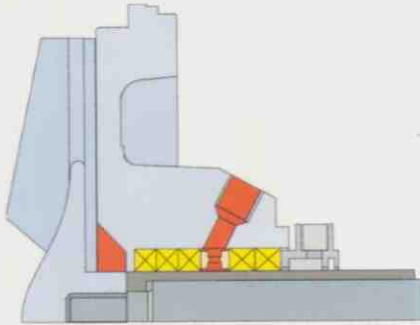

PPI SYSTEMS

PERFORMANCE CURVE

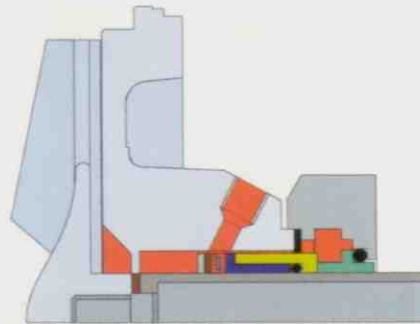

SEALING SOLUTIONS

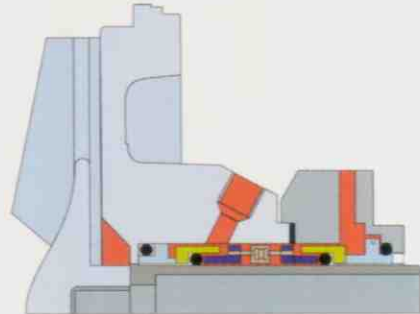

Gland Packing

- ◆ General purpose application

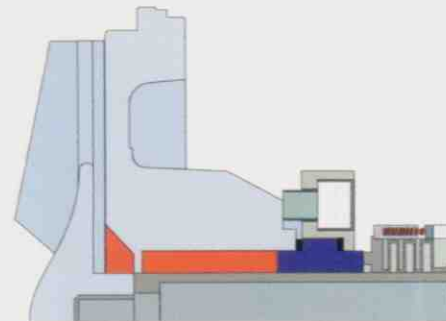

Single Mechanical Seal

- ◆ Non-corrosive to moderate corrosive liquids
- ◆ Moderate abrasives
- ◆ Liquids that have good lubrication qualities

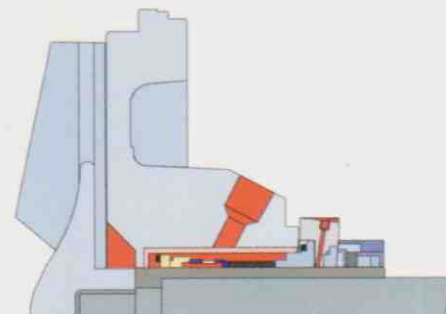

Double Mechanical Seal

- ◆ Liquids not compatible with single seal
- ◆ Toxic, hazardous, abrasive, corrosive
- ◆ When pump is operating under cavitation or low flows

Bellows Seal

- ◆ Suitable for highly corrosive liquid.
- ◆ Design for extreme ranges of temperature and for high Viscosity Media

Cartridge Seal

- ◆ Same application as Conventional single seal
- ◆ Ease of maintenance
- ◆ No seal setting problems
